

## The Wilmington Post.

VOLUME IX.

WILMINGTON, NORTH CAROLINA, FRIDAY, MAY 3, 1878.

Single Copies 10 Cents

NUMBER 21

## WILMINGTON POST ADVERTISING RATES.

Fifty cents per line for the first insertion and twenty-five cents per line for each additional insertion.

Eight (8) lines, Nonpareil type, constitute a square.

All advertisements will be charged at the above rates, except on special contracts.

Special rates can be had for a longer time than one week.

The subscription price to THE WILMINGTON POST is \$1.00 per year; six months 75 cents.

All communications on business should be addressed to THE WILMINGTON POST, Wilmington, N. C.

## CITY ITEMS.

Bill of Florida, said by McLin to coincide with him about the election frauds, comes to the front and declares that McLin is lying about the matter.

Ladies who value their complexion should preserve their health, and should guard against a torpid liver. Dr. Harter's Liver Pills cleanse from all impurities, and the Iron Tonic gives freshness and vigor.

It is only in the most fertile sections that Fever and Ague become a scourge. Happily for our race, Dr. Harter's Fever and Ague Specific is an infallible remedy for all forms and degrees of malarial disorder.

Strange, is it not, that when so called aristocrats are fishing for such petty offices as Congressman, &c., they can item, if at no other time, speak and be polite to poor, honest, hard-working men, both white and black.

An impression seems to prevail in Washington that the country is excited over McLin's "confession." We beg leave to say that such does not appear to be the fact, and that the country does not care a peck's sixpence about McLin, or what McLin says.

U. S. DISTRICT COURT convened in this city on Monday last, His Honor George W. Brooks, presiding, and ex-Judge Albertson, District Attorney. Both of these gentlemen are looking well. We also had the pleasure of meeting U. S. Marshal Hill.

That was a grim joke perpetrated by the President in Philadelphia on Wednesday, when he said, in taking leave of the howling crowd, "I am pleased to bid you good afternoon."

Thus far, the Philadelphians do not seem to have discovered the point.

The South Atlantic, for May, is a very valuable number, and shows a very great improvement on the first number. The editor, Mrs. C. W. Harris, deserves success for her splendid enterprise, and the good people of the city and state, should patronize her in place of sending away from home for literature not near so good.

THOS. M. SMITH.—We have received a letter from our correspondent in Washington, D. C., stating that Capt. Thos. M. Smith, of this city, was up there a few days ago, looking after the Collectorship of Internal Revenue for this District. Our correspondent states that Capt. Smith is tired of a subordinate position, and wishes now to be promoted to Col. Young's place.

R. M. Norman, of Robeson county, has been in the city for several days attending the U. S. District Court. He is in excellent spirit and don't seem to have been bulldozed. He will probably go the next legislature, though he says he is not a candidate, but we understand from some of our friends in his county, that the good people of Robeson will run him any way.

DEMOCRATIC COUNTY CONVENTION.—The Democrats held their Convention in this city on Saturday next, when a lively time may be expected between Col. Waddell and Maj. Stedman's friends. These gentlemen have their friends hard at work, and while the Stedman men were beaten in the ward and township meetings on Tuesday last, they will continue their fight, and have their nominated in the District Convention.

Mr. John W. Hewlett, an engineer of this city, has been running on the Atlantic and Chattanooga Railroad for several months past, met with an accident while running an engine over the above named road and was killed. It seems that one of the culverts was washed out in such a manner that the engineer, could not see it, and the first thing he knew, while passing over the wash, the track gave way and let his engine down and he was instantly killed. His remains arrived here on Monday last, and the funeral took place the same day.

U. S. District Court adjourned yesterday.

Col. L. E. Rice, the Deputy Collector of Custom, is quite ill.

See ad. of John G. Norwood, announcing himself for Sheriff.

The Magistrates of this county held a meeting at the City Court Room yesterday.

We have heard nothing of the fighting chicken from Raleigh lately; he is said to be "down" and a noble fowl he is.

The weather is getting warm—policies warmer—and upon the whole we think this promises to be a pretty warm time.

This, Thomas who was arrested in this city last week for burglary, &c., was taken back to South Carolina on Saturday last.

We call upon the County Commissioners to reply to the very severe charges made against them by Mr. E. H. McQuigg some two weeks ago in the columns of this paper.

The National Memorial Association held a meeting Wednesday evening, and made arrangements for a proper observance of the day at the National cemetery on the 30th of May. The usual service will be held, including an oration, poem, music, &c.

Kenneth Haynes, Sheriff of Columbus, is behind, but to what a mound is not generally known; some claim only \$3,000, while others say he is at least \$5,000, and probably \$7,000. Shall try to give the figures in our next. Columbus is a Democratic county and the sheriff is a Democrat.

Deputy U. S. Marshal VanSickle left here on Monday last, went to Sneed's Ferry and seized a mule, a saddle and about 60 pounds of blockade tobacco, the person claiming the property made his escape before Mr. VanSickle arrived at the Ferry. The Deputy Marshal returned on Tuesday night, which was a very quick as well as a very successful trip.

The Supreme Court of the State of New York has decided that J. C. Ayer & Co., of Lowell, have the sole right to use the words Cherry Pectoral for a medicine, and has issued an injunction against F. V. Rushton, of New York City, for selling Rushton's Cherry Pectoral or Cherry Pectoral Laxatives, or any other use of the name to deceive the public. This decision of the high court includes all dealers who sell any similar article.—*Post Jefferson (L. L.) Leader.*

HON. A. M. WADDELL, member of Congress from this district, was in the city on Monday last, and on Monday night he was serenaded by a very large crowd of his friends, who called him out, when he made quite a lengthy speech, going to his Democratic opponents rather hotly, striking them right and left and drawing the blood at every blow he dealt them. His friends were very enthusiastic and gave him frequent and hearty applause. He left on Tuesday night for New York, where he addresses, by invitation, one of the soldier's clubs of that city to-night.

THIRD WARD.—The following gentlemen were chosen delegates from this Ward: W. L. Smith, Roger Moore, Dr. W. E. Freeman, G. J. Boney, N. Giles, J. C. Munds and A. T. London.

The following gentlemen were elected members of the County Executive Committee: DuBrutz, Cutlar, Wm. Calder.

The following resolution was adopted with one dissenting voice:

We the Democratic voters of the Second Ward, in meeting here assembled, do resolve, that in the Honor A. M. Waddell we have ever had a faithful, zealous and able Representative, and we do hereby instruct our delegates to the County Convention to vote first, last and always for him, and to use every effort to secure his nomination and re-election.

Second round 21 blood for Waddell.

THIRD WARD.—

The Democratic votes of the Third Ward met and organized by calling R. J. Jones, to the chair and J. W. King as Secretary.

A ballot was then had and the following, constituting the Waddell delegates, were elected: R. J. Jones, R. S. Radcliffe, Wm. M. Hayes, James Sprunt, Morris Bear, J. W. Woolvin and John M. Robinson.

Messrs. Jas. W. Collins and Matthew J. Heyer were elected members of the Executive Committee.

The meeting then adjourned.

Third blood and 3d round for Waddell.

FOURTH WARD.—Met in the City Court Room.

A ballot was had and T. H. McKey was declared elected, he having received 25 votes and Mr. W. P. Oliham 21. Kercher nominated as Waddell delegates Messrs. Jas. Alderman F. C. Singletary, D. G. Worth, N. B. Rankin and A. D. ISSN, at 10 o'clock, a. m.

John J. Fowler nominated the following Stedman delegates: Messrs. J. W. Atkinson, Jas. Reiley, T. H. McKey, A. Adrian, C. H. Robinson, J. I. Mack and W. G. McRae.

A ballot was had and Messrs. Atkinson and others received 105 votes and the other delegates 83.

Fourth round—Stedman here got Waddell's blood—first for Stedman.

FIFTH WARD.—

Darby called his meeting together at 8 o'clock sharp, and through good management delegates were appointed and the meeting adjourned inside of ten minutes.

Mr. Robert Beggs, of the New York *News*, last night started for Denver, Col., for the benefit of his health, several members of the Press Club and a delegation from Una Lodge, F. and A. M., of which he was the Secretary, tendered him a farewell banquet at Taylor's Hotel, Jersey City.—*New York Herald.*

And this is our Robert. All of our readers recollect Robt. Beggs, the jolly good fellow who was so very popular as they local editor of this paper in 1870. "We are sorry that he is in bad health, and wish him a safe and pleasant trip, and we hope he will return to his duties on the New York *News* properly restored to health. If he had come to our city in place of going west he would have done the proper thing he has many warm friends here.

DEMOCRATIC SCRAMBLE FOR OFFICE.

Meetings were held in the following Wards and Townships on Tuesday last, for the purpose of electing delegates to the Democratic County Convention, members of the County Executive Committee, &c.:

FIRST WARD.—

Capt. W. M. Parker called the meeting to order at 8 o'clock.

It was then moved to go into an election for permanent Chairman, and Capt. W. M. Parker and Mr. Jesse Ives were placed in nomination.

Then commenced a first class row. No Republican Convention or Ward meeting have ever been half so disgraceful.

Resolutions were then offered, and passed, endorsing Maj. Stedman for Congress, and instructing the delegates to vote as a unit for him.

On motion, the meeting then adjourned.

Sixth round 3d blood for Stedman.

HARNETT TOWNSHIP.—

At a meeting of the Democratic voters of Harnett township, held at Macomb's on Tuesday, 29th of April, J. L. Corbett, Tobias Carney, John T. Flowers, J. W. Murrell, J. S. Smith, D. D. Futch and D. Furnell were duly elected delegates.

The balloting proceeded, and at its conclusion it was announced that the whole number of votes cast 133 of which the Stedman delegates received 39 votes and the Waddell delegates 94.

Messrs. J. W. M. and Mott were declared as representatives from the 1st Ward on the Democratic Executive Committee. First round and 1st blood for Stedman.

On motion, the meeting went into an election for permanent Chairman, and Capt. W. M. Parker was elected.

On motion, A. J. Grady was elected a member of the County Executive Committee for two years.

On motion, the meeting went into an election for permanent Chairman, and Capt. W. M. Parker was elected.

THE WILMINGTON POST.

W. P. CANADAY,  
Editor and Proprietor.

WILMINGTON, N. C.

FRIDAY MORNING, MAY 3, 1878.

The bills of all kinds, public and private, introduced from the South into Congress and demanding money out of the treasury, amount to the enormous sum of \$300,000,000. There are in all 908 bills. All these bills were introduced before March 26th. We make no comments. "Nuff'ed."

What is said to be a "sagacious and long-headed" Democratic Senator said to the correspondent of the *Baltimore Sun*:—"As for Hayes," he said, "he is infinitely a better man for us than Tilden would be; he keeps his own party divided and ours united. We do not want him to come to us, and he has no idea of coming, and therefore the Democratic party can have no responsibility for his administration, as was the case with John Tyler, who openly came over to the Democrats."

There was a canard gotten up by the Tilden men lately for political capital, which was heralded as containing very damaging revelations against the Republicans in connection with the electoral vote of Florida. When it appeared it proved to be a pretended confession of two sore-heads named McLain and Dennis. Neither of them divulged anything which was not already published, but some of their admissions told badly against the Tildenites. It is said that the leading Democrats at Washington are heartily ashamed of the trick.

THE NORTH CAROLINA REPUBLICANS.

There is an election to be held in this state in August for three Justices of the Supreme Court, for three of the Superior Court, for a legislature, for sheriffs and for clerks of the counties. There is another election to be held in November for members of Congress. To the expense and inconvenience of these two voting instead of one, we are indebted to the superior wisdom of our late law-makers who have been tinkering at our Constitution and statutes. With these two elections directly before us—the first only three months distant and the last six months—some people are suggesting whether the Republicans shall run any state ticket at all. We say "some people" because this advice comes to us from both parties. There are some Republicans who do not think we can have anything like a fair count whatever our vote might be, (inasmuch as all the polls will be in the hands of the Bourbons,) and are inclined to put no state ticket in the field. There are also some disgruntled Democrats, who do not expect much consideration from their own regular primary meetings, and they are about, advising leading Republicans not to set up a state ticket, as it would be only a scare-crow, which would be used by the Bourbons to drive every Democrat into line.

We admit that there are two sides to the question as to what the Republicans ought to do under the circumstances. It is perfectly evident, however, that they ought to take such a course as would insure most to the furtherance of their own interests and principles. If it is good sense to make what is called in military strategy a masterly retreat, which is sometimes in war more valuable than a victory would be, we ought to do so. Mr. Calhoun believed a great deal in the usefulness, in critical times, of a certain "masterly inactivity" as he termed it. If it is more advantageous to Republican principles, to transform the party into a sort of light cavalry which may harass outposts, break into supply trains, and become a terror to rear guards, as old General Marion of South Carolina did in the American revolution, we see no objection to it. But if it is expected that the Republican party of North Carolina, to disband, to capitulate, to sell out, to go into liquidation with its 110,000 votes, we scot and denounce and abhor the whole scheme. Let the curses of the just descend upon the accursed head of any such wretched strategem! What! the Republicans become appendages and tail-sitters to the Bourbons! Then let Gabriel and Beelzebub make friends and shake hands!

Do we remember the so called Democrats in this state since 1868? Have we forgotten by what despicable means the present party arrived at power? How in 1870 men, who now have the effrontery to present themselves for high honors dressed themselves in white gowns, hideous masks, and went in twainies and fifties and hundreds to the houses of white Republicans and the cabins of negroes, committing outrages at whose brutality humanity blushed? How in the meantime, while the public journals were reeking with filthy ribaldry, and the air was lurid with a high carnival of all the baser and meaner passions, not a word was uttered by any one of them of reprobation or even remonstrance? Do we recall how, having been rebuked by ten thousand majority in their first appeal to the people for permission to hold a Constitutional Convention whose purpose it would have been to tear out the humane pro-

visions in our then existing Constitution, they subsequently resorted to fraud and foisted fraudulently and illegally these later bad provisions?

It is true they have reaped their reward a bitter curse from among their own friends at the transactions of several legislatures so infamous and impudent that they fairly stink in the nostrils of the people. It is true also that their sins are finding them out and being visited upon their own heads in disorders and wrangles and jealousies among themselves. But it is no part of the business of the Republican party to aid them or any of their factions, to give countenance to their principles,

CARPET BAGGING.

The only three states from which all the members of Congress of both Houses, were born within their limits are Georgia, North Carolina and Tennessee. One representing the states of Arkansas, California, Colorado, Iowa, Kansas, Minnesota, Nebraska, Nevada, Texas, Oregon and Wisconsin, were born within them, and only one from Illinois. The other states stand, Alabama, three out of eight, natives, Florida 1 out of 4, Louisiana 1 out of 8, Missouri 2 out of 15, and Mississippi 1 out of 8. No one of the New England States is represented entirely by persons born in them. Out of the 29 in Congress from Pennsylvania only three were born out of the state, from Kentucky only 1, and from Virginia only 2. New York has 8 members of the House not born in the state.

HUGH F. MURRAY, OF WILSON.

We publish below what the *Rocky Mount Mail* has to say about Mr. Hugh F. Murray, as a matter of information. Nash and New Hanover being in the same district, it is to our interest to have a good, reliable and capable prosecuting officer. Our county has heretofore been in Capt. Norman's district, and we take pleasure in saying that he has performed his duty faithfully, and he deserves, as we know he has, the thanks of the entire district, for the manner in which he has performed the duty imposed upon him. We hope the Democrats will give us another as good, as we seem to be bound to have a Democrat. Hear what the *Rocky Mount Mail* has to say in regard to Mr. Hugh F. Murray:

"We notice that the gentlemen, whose names head this article, have been favorably spoken of as a suitable person to be nominated and elected for Solicitor of the 3d Judicial District. The mention of his name has elicited very complimentary notices of him from several of our Democratic exchanges in and out of the district. Not knowing him personally, and desiring to be guided in our endorsement of persons of public trust, we consulted with those who are already acquainted with their belief, and to compel these, if they would wish to be proper guides to their juniors, to apply themselves to the study of the Law. In order to answer these interrogations, which appeared to be perfectly reasonable, this was done at first, the instrument of Deity to perpetuate the Law. He foresees that, though we are a united people when he speaks to us on Sinai, vicissitudes would arise which would necessarily try the power of resistance, which we could bring to oppose the assaults of adverse circumstances. Many of these occurred already during our residence in Palestine, partially through our intercourse with the heathen, but more yet through the inborn sinfulness of the human heart; still many others were the peculiar offspring of the state of our dispersion, which dissolved that national union which had united us to the advantage of circumstances. Many of these occurred already during our residence in Palestine, partially through our intercourse with the heathen, but more yet through the inborn sinfulness of the human heart; still many others were the peculiar offspring of the state of our dispersion, which dissolved that national union which had united us to the advantage of circumstances. Many of these occurred already during our residence in Palestine, partially through our intercourse with the heathen, but more yet through the inborn sinfulness of the human heart; still many others were the peculiar offspring of the state of our dispersion, which dissolved that national union which had united us to the advantage of circumstances. Many of these occurred already during our residence in Palestine, partially through our intercourse with the heathen, but more yet through the inborn sinfulness of the human heart; still many others were the peculiar offspring of the state of our dispersion, which dissolved that national union which had united us to the advantage of circumstances. THE WILMINGTON POST,  
WILMINGTON, N. C.,  
FRIDAY MORNING, MAY 3, 1878.

They are talking about Stanley Matthews as a candidate for Congress in the Second Ohio District this fall. The Cincinnati *Commercial*, however, says it is not likely that he would care for it. Besides, the *Commercial* adds, "he is so much more successful a lawyer, than a politician, that his friend will welcome him back to the practice of his profession at the bar, rather than on the floor of Congress." Certainly the President never made a greater mistake than when he used his influence to secure the election of Stanley Matthews. — *St. Louis Journal.*

Dr. Green, who was made President of the Western Union Telegraph Company, is the man of all others in the country who, by virtue of natural fitness for the trust and a thorough acquaintance with the business of the Company, should have been selected. It now seems strange that anything else could have been expected of the men who manage a controlling interest in the Western Union. The selection will be most cordially commended by every one whose business with the Company has been transacted through Dr. Green. — *Cincinnati Times.*

The Cincinnati *Times* believes there is but one way of meeting the danger that now threatens the country through the Democratic party, and that is to return the House of Representatives from Democratic control. On this point the *Times* says—"That is our only safe guard, and that we can do if the President will give us a living chance. Here in Ohio, above, we should change the present political complexion of at least three, if not four, districts, and it will not be a difficult task provided only our own party managers start us in the right way. But we must have no such blunders as that committed at Cleveland last year. We must make the fight not either for or against the President, but for the Republican party."

The mates in the Navy are petitioning Congress not to legislate them out of existence. Many of them have been in the navy for fifteen or twenty years, and are experienced seamen, as well as excellent pilots, thoroughly familiar with the coast. The forty three mates in the service certainly should be retained. They are all middle-aged men, and have rendered service that entitles them to consideration. The mates have made some efforts to get Congress to recognize their services and incorporate them with the regular Navy, by granting them warrants and placing them on a footing with other warrant officers. Instead of granting this request, and many other bills introduced, proposals were made to wipe out entirely, which would be a poor return for their long and efficient service. — *Army and Navy Journal.*

The close of the Hon. John O'Connor of the Ohio Legislature, is partially lifted by the affidavit of a deputy warden of the Michigan State Prison, that O'Connor was not the genuine original Three-Fingered Jack. He has identified the photograph of O'Connor as that of a thief who served three years in the Michigan State prison, and the policeman who arrested Three-Fingered Jack swears that the Ohio legislator is the same person. It will be a strange illustration of the ups and downs of western life if the chairman of an important committee in the legislature of a great state turns out to be an ex-convict. This man O'Connor is a leading Democrat. — *New York Sun.*

The St. Louis *Journal* referring to the death of Dr. Green says this to say: "William Orton is the latest victim of the 'American disease.' Apparently without a suspicion of his real condition he dies twenty years before his time the victim of overwork. He worked twelve or fifteen hours a day and seemed to enjoy average health; all this time, however, as Dr. Hammond says, he was using his brain capital instead of income and brain bankruptcy came upon him all at once in his first stroke of apoplexy. He died suddenly without warning. A succeeding generation of intelligent Americans will probably know how to work and how to rest, how to create brain as fast as they consume it. The present generation of the less workers know little about this and care less. As Mr. Beecham puts it, however, 'Darth and education are gradually bringing about a change for the better.'

A terrible fight with a wild cat. On the 20th of last month the father of a family who lives in the mountains above Quicksilver, Cal., was aroused from the table at which he was sitting by the cries of a seven year old child from a bear in the rear of the house. When he arrived at the bare he saw an immense wild cat attacking his little boy. Not having time to return for his gun, he seized a crow bar that was lying near by and ran to the rescue. The animal, and, seeing him approach, leaped into his hold upon the child and sprang upon the rescuer. The man, seeing the animal was too close to admit of the use of his weapon, dropped it and seized the cat by the neck. After a severe struggle, in which the man was horribly bitten and lacerated, he succeeded in killing the cat by shooting it to death. The child was also severely bitten. — *Woodland Record.*

TERMS—Single subscriptions, \$2.00, Five copies, \$9.00 and one extra copy to the getter up of the club; Ten copies, \$15.00 and one extra copy to the getter up of the club; TWENTY COPIES, \$20.00.

Subscriptions in each club must begin at the same time and go to the same post office.

U

WASHINGTON, D. C., April 26, 1878.

DEAR POST:—We had the pleasure of meeting Mr. Deputy Collector Smith of your city, a few days ago in our city, and from what we could learn, he was looking after the Collectorship of Internal Revenue of your District. He is tired of a Deputy's place, and says he is not making a living, and if he cannot do better he will have to resign and go in the country to work. He thinks he is entitled to promotion and claims to have the support of leading Republicans of his District, more particularly the Fayetteville Republicans, Col. Blocker and others, as well as a very strong recommendation from Gov. Holden. His friends claim that he left here very much mugged, and in case of any change in the Collectorship he, Smith, expects it in place of the incumbent, Col. Young.

Yours, S.

STATE ITEMS.

"Economy is the road to wealth." This trite old proverb is the great lesson our people have been learning the past eight years, and they have reached the point where they can fully appreciate its importance and value. They are starting on the road; let them resolutely pursue it—*keep right on*, and the goal will be reached—*Carolinian*.

From the last report of the Superintendent of the Insane Asylum, we notice that, while Warren county has only two inmates, and a good many other counties only one, Wake county has twenty-three. This is certainly an apparently unfair distribution. The number of inmates from each county should be in proportion to its population as near as possible. —*Wilmington Gazette*.

Now How?—Judge Moore, in his charge to the grand jury at Stanly court, said that an officer's duty is to arrest any man or men, who may be guilty of breaking the peace, without a warrant from a magistrate; and if he sees a fracas and fails to arrest he lays himself liable to indictment for failing to do his duty. And he said, also, that a private citizen had the same power; the only difference was that a private citizen could not be prosecuted by law for not doing it. —*Spirit of the South*.

KILLED BY LIGHTNING.—Mr. Darius D. Seltz, of this county was killed by lightning Wednesday evening about 3 o'clock, April 21st, 1878. The particulars are as follows: The deceased and Mr. Able Seitz, (his father) Mr. Geo. Seitz, (his brother), Mr. D. E. Haw and Mr. Julius Huffman, went to the river fishing—near Marshall's ferry, five miles from Hickory. The two brothers went out on the river in a batteau to take the books from a taw line, while the other gentlemen were several hundred yards further up the river fishing with hook and line. Soon after the party divided a thunder storm arose and several loud peals of thunder were heard near by and a few minutes later these gentlemen heard George hollowing and they hasten down the river and found him severely stunned and his brother dead. The boat was about the middle of the river when the flash of lightning came. George (about 16 years old), was thrown from the boat and was so severely stunned that he sank, and after rising he was so near unconscious that he sank the second time, he arose again and this time succeeded in getting hold of the boat which was floating near by. He held on to it, and the heavy wind which was blowing at the time drifted them to the bank about 100 yards below where they entered the river. When he recovered enough to get into the batteau he found his brother Darius lying dead—his head and part of the body across the edge of the boat in the water, his feet having caught under the gunnels of the opposite side which prevented him from falling entirely into the river. —*Piedmont Press*.

An Astonishing Fact:

A large proportion of the American people are to day dying from the effects of Dyspepsia or disordered liver. The result of these diseases upon the masses of intelligent and valuable people is most alarming, making life actually a burden instead of a pleasant existence of enjoyment and usefulness as it ought to be. There is no good reason for this, if you will only throw aside prejudice and skepticism, take the advice of Druggists and your friends, and try one bottle of Green's August Flowers. Your speedy relief is certain. Millions of bottles of this medicine have been given away to try its virtues with satisfactory results in every case. You can buy a sample bottle for 10 cents to try. Three doses will relieve the worst case. Positively sold by all Druggists on the Western continent.
